CAREER OBJECTIVE

Seeking a challenging role as a Frontend Developer to utilize my skills in crafting intuitive user interfaces and enhancing web experiences. Committed to delivering clean, efficient code.

PROFESSIONAL EXPERIENCE
(December 2021 – present)

1. Simplified Content Delivery (Jan 2022 - Aug 2022).

The ContentOptimize project improved content delivery efficiency through collaboration with developers and content specialists, reducing page load times by 30%, crucial for user retention and lower bounce rates.

2. Team Leader (February 2023 – present).

Promoted to Team Leader, I now oversee a team of developers and designers, ensuring effective project delivery, driving innovation, and coaching team members to reach their full potential.

3. Startup with a focus on developing menus for a restaurant chain (February 2023 - present).

present). This has allowed me to take more responsibility for achieving success, especially in the context of creating intuitive menu systems designed to improve the experience for our clients and their customers.

4. Mentoring at RSSCHOOL (2023).

I also became a mentor at RSSCHOOL, where I provide guidance and support to aspiring developers. This experience not only allowed me to give back to the community, but also strengthened my leadership and communication skills.

PERSONAL STATEMENT

As a frontend developer, I'm dedicated to blending creativity and functionality to craft visually appealing and user-friendly websites and applications. I constantly learn and adapt to stay at the forefront of this evolving field.
